DATA ANALYST | HEALTHCARE PROFESSIONAL: Flexible and inquisitive analyst with a unique perspective shaped by years in fast-paced healthcare settings. I excel at helping others navigate significant change through empathetic collaboration and evidence-based insights. Now pivoting my focus to data analytics to combine my interpersonal strengths with a passion for research-driven, world-changing results.

TECHNICAL SKILLS

- Python (Pandas, NumPy, Sckit-learn, TensorFlow, Keras)
- SQL (PostgresSQL)
- Tableau
- Excel (Advanced)
- Git/GitHub

DATA EXPERTISE

- Machine Learning
- Statistical Modeling
- Data Cleaning (ETL)
- Exploratory Data Analysis (EDA)

PROFESSIONAL

- Technical Writing
- Bilingual (Spanish/English)
- Stakeholder Presentation
- Cross Functional Collaboration
- PowerPoint

DATA ANALYTICS PROJECTS

- **Instacart Basket Analysis**:
  Analyzed Instacart consumer behavior (mock data) using Python to perform complex data wrangling, merging, and statistical analysis. Delivered actionable marketing strategy recommendations through advanced data visualizations and a comprehensive final report.
- **ClimateWins Weather Prediction:**
  Developed predictive models in Python using real-world meteorological data from 16 European weather stations. Evaluated Machine Learning algorithms to demonstrate high accuracy forecasting capabilities, creating a scalable framework designed for global generalization and climate trend analysis.
- **Rockbuster Stealth Video Game Analysis**:
  Performed a comprehensive analysis of video rental patterns using PostgresSQL to execute complex joins, subqueries, and data filtering. Developed Tableau dashboards to visualize global sales trends and customer demographics, providing data-driven recommendations to optimize international sales strategy.

EDUCATION:

- **Data Analytic Certification** — October 19, 2024
  - Intro to Data Analytics — Jan 24, 2024
  - Data Immersion — August 15, 2024
  - Machine Learning with Python — October 19, 2024
- **Master of Occupational Therapy** — December 2008
  Midwestern University, Downers Grove, Illinois
- **Bachelor of Arts in Psychology** — May 2006
  Dominican University, River Forest, Illinois

WORK EXPERIENCE:

- **Occupational Therapist** — June 2011- present
  Advocate Lutheran General Hospital, Park Ridge, IL
  - Deliver comprehensive evaluations and specialized rehabilitation for high-acuity patients within a Level 1 Trauma Center, spanning inpatient rehab and all acute care units.
  - Design custom compensatory strategies and treatment plans to facilitate patient independence and successful discharge.
- **Occupational Therapist** — August 2025 – present
  NSSEO/Northwest Suburban Special Ed Organization, Mount Prospect, IL
  - Direct data-driven therapy services and evaluations; translate assessment findings into actionable, measurable student growth targets.
  - Manage ongoing data tracking and reporting to ensure program compliance and drive evidence-based interventions.
- **Occupational Therapist** — August 2019 - May 2020
  SensAble Kids, Chicago/Ravenswood, IL
  - Provided evaluative and rehabilitative services for pediatric populations; partnered with families to implement home and school-based strategies that enhanced functional independence in daily routines.
- **Occupational Therapist** — January 2009 - June 2011
  PeopleFirst Rehab, Bensenville, IL
  - Provided evaluative and rehabilitative services for geriatric populations; coordinated all logistical scheduling for home visits and therapeutic groups.
